

Note from the National School Boards Association

NSBA Equity Symposium and Advocacy Institute Postponed

Keeping the safety of our presenters, attendees, and staff first and foremost in our minds, the National School Boards Association is postponing its Equity Symposium scheduled for Saturday, January 23, and 2016 Advocacy Institute, scheduled for Sunday-Tuesday, January 24-26.

The severe winter storm expected in the area led us to the decision to postpone these events, and we regret any and all inconvenience this may cause.

The Equity Symposium is now rescheduled to **June 11, 2016** and Advocacy Institute **June 12-14, 2016**.

All current registrants will be automatically registered for the new dates. Registration refund requests should be submitted via email to registration@nsba.org.

We suggest that you contact your hotel and travel provider directly as soon as possible to notify them of this change.

Contact us at 1-800-950-6722 or registration@nsba.org ([link sends e-mail](#)) if you have any other questions or concerns.
