

Achieving Educational Racial Equity Through Policy and Beyond – PART IV

Welcome:

- Superintendents
- School Board Members
- District Leaders
- Community Based Organizations

- Objective 1: To deepen and clarify our “why” with regards to adopting and implementing racial equity policies
- Objective 2: To learn from local school district teams who have successfully adopted racial equity policies
- Objective 3: To engage with communities and students of color who collaborate with us to define the “beyond” once policy has been adopted

Join us for our fourth convening as we share an interactive day to broaden our understanding of racial equity policy development and adoption processes and define what is meant by “and beyond”. What will it take to truly work towards racial equity once policies have been adopted? Hear from local community members and students about what is needed in the educational system for equity to be a reality. Learn from school board members, teachers, superintendents, parents, and students from the Auburn and Tukwila School Districts who have successfully adopted racial equity policies since our last convening. We look forward to your participation!
