

OSPI asking for input on educator working conditions

The Title 2 office at OSPI is asking for input on educator working conditions through [a survey instrument](#) located on the agency website.

The survey includes a parent/community component as well as sets of questions for various employment classifications in K-12. You are encouraged to complete the survey and send it to others who may have an interest in the topic.

OSPI will pull data on the respondents and their demographics (school district, region, staff type, etc.) on July 11 to determine if it has a representative sample of survey respondents. The survey data will be used in state policy making decisions.

Please take the survey before July 11. OSPI may choose to extend the deadline of the survey in order to get a representative sample.

If you have any questions, please feel free to contact Maria Flores, Director of Title II, Part A and Special Programs at maria.flores@k12.wa.us or Aubry Deaver at aubry.deaver@k12.wa.us.
